

Document revision across edit-only screening setups

32 fixed-weight trajectories · 4 screening setups · 32 unchanged-submission stops

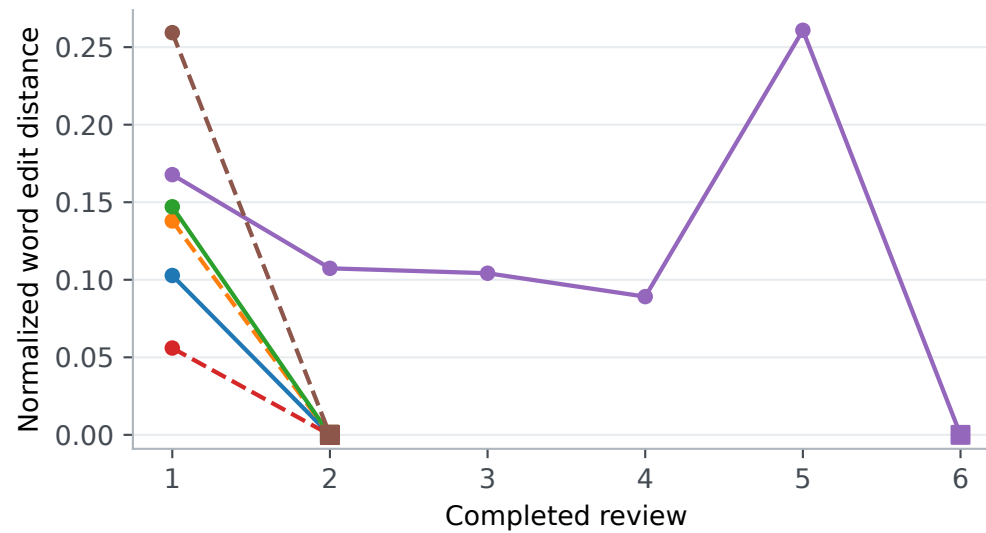

A Every seeded trajectory

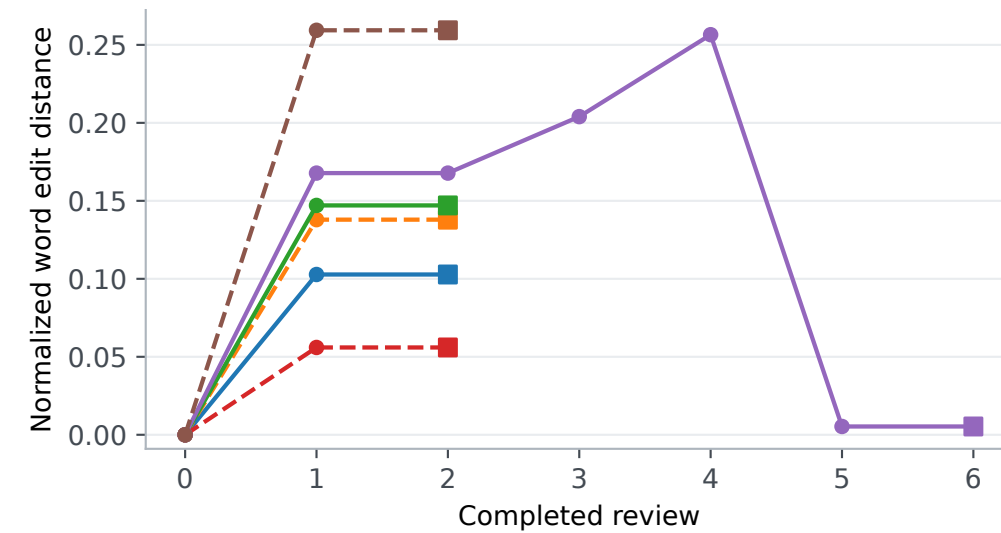

B Document length after editing

C Consecutive lexical change

D Distance from starting constitution

- Unchanged on first review (26)
- One edited review, then unchanged (5)
- Multiple edited reviews before stopping (1)

- Short broad charter (s1), 003
- Agency emphasis (s1), 003
- Care emphasis (s1), 003
- Care emphasis (s2), 003
- Agency emphasis (s1), 004
- Care emphasis (s2), 004

Each dot in A is one seeded trial. Panels B-D show only trajectories that edited.

Squares mark the final unchanged submission. Textual distance does not measure substantive value change.
